APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of livestock served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal range.

This permit to change the manner of use of the waters of Tunnel Springs (aka Old State Line Tunnel) as heretofore granted under Permit 6984, Certificate 1129 is issued subject to the terms and conditions imposed in said Permit 6984, Certificate 1129 and with the understanding that no other rights on the source will be affected by the change proposed herein. A measuring device must be installed and measurements of water use kept.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0365 cubic feet per second or sufficient  
water to water 500 head of cattle and 5 head of horses.
